Fovea IP's ambition is to help the IP professional save time with the most effective trademark and design search solution.

Access worldwide updated and searchable data covering more than 130 million records.

Fovea IP register coverage:

- 191 Trademark registers
- 67 Industrial Design registers
- 76 Pharma in-use & INN registers

The data is easily searchable:

- Data source : PTO
- Transliterated from various scripts to Latin characters
- Translated to English (goods & services, etc.)
- 40 criteria available for expert search
- Searchable in original script (Chinese, etc.)

“Fovea IP offers the strong combination of a very effective online tool with great client responsiveness when support is needed.”

Partner at Gevers

“The Fovea IP platform is very useful and easy to use”

Researcher at Marks & Clerk

Inside Counsel's Benefits

Deal with pressure of more demands and shorter deadlines

- Access updated quality data worldwide ordered by relevance
- Save a substantial amount of time with all data available in one source: easy to search, analyze and report
- Receive alerts of important events

Manage budget constraints

- Fixed fee, unlimited use: no bad surprises
- Offline search packages at great value

Quality interaction on projects

- Online tool allows instant knock-outs
- Business analytics deliver competitor insights

Outside counsel's Benefits

Increase profitability

- Save time collecting and analyzing data as well as customizing final client reports
- Control costs as online access is based on a fixed fee for unlimited use
- Lower costs with offline packages delivering great value

Improve client service

- Provide quality advice based on complete and accurate data
- Improve responsiveness with self-made instant searches

Win new business

- Prepare for client and prospect meetings using insights from business analytics
- Be competitive with increased productivity and offline search packages

Expert search tool with groundbreaking capabilities and performance

☰ Multi Criteria:

100% control for the IP expert

IP experts have specific searches to perform.

Multicriteria is THE tool for custom searches:

- 40 search criteria available
- Boolean operators & wildcards
- Search any character directly (Arabic, Chinese, etc)
- All goods & services translated to English

The screenshot displays the FOVEA IP search interface. At the top, there are navigation tabs: REGISTERS (2), MULTI CRITERIA, HIT COUNT, RESULT (4), and EXPORT. Below the navigation, a table shows search results with columns for Application#, Application date, Expiration date, Status, and Device. A detailed view of a trademark registration is shown on the right, including the university's logo and registration details.

SELECTED	FILTERED	TOTAL	Application#	Application date	Expiration date	Status	Device
0	5335	5366	39809324	2019-07-22	2030-03-13	Registered	RUDY PROJECT
			37640053	2019-04-19	2030-03-27	Registered	YNS

AI figurative mark similarity

AI Figurative Mark Similarity

Revolutionary logo/device search

- This technology is revolutionary in the figurative mark similarity search:
- Reliable compared to error-prone Vienna classes
- Fast
- Inexpensive

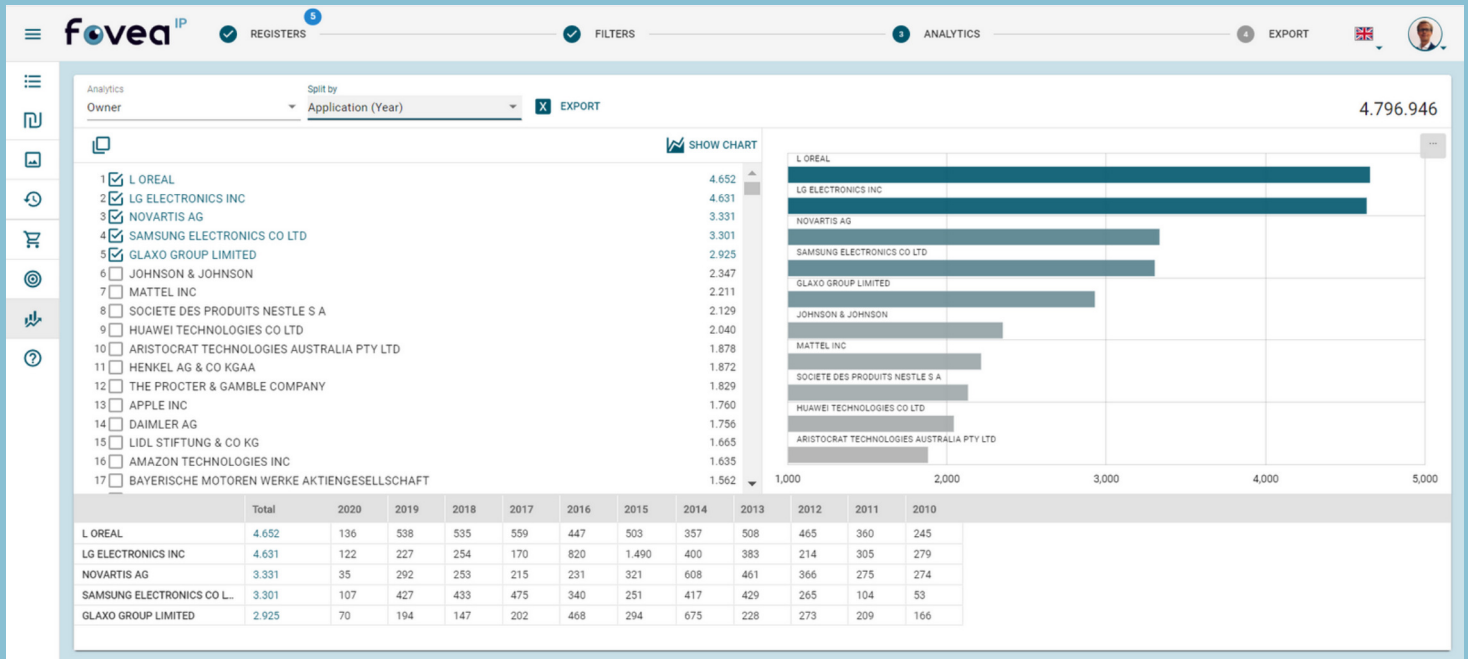

Analytics

Get great business insights

Find clear answers to multiple business questions

- Comprehensive analysis of owners (portfolio, activity, relevant IP firms, etc)
- Representative analysis and benchmarking
- Prospect list creation based on location, activity area, etc
- Ideal for conference and meeting preparation

Alerts

Be notified of future important events

IP experts often need to track potential new events like competitor activity and similar trademark filings:

- Track trademark or design updates
- Create alerts for any query
- Choose alert frequency
- Notifications sent by email

Offline searches

Ask our team of experts

Order offline searches performed by trained analysts

- Searches are customized with client interaction
- Upload results for analysis and opinion generation
- Share results with external agents for local opinion integration
- Customize search reports for clients

Experts available to help you

Dedicated Support

We provide **dedicated support according to your needs:**

- Assistance performing any search
- Information regarding specific records
- Training

Customer support is available during business hours.

Various communication channels

Customer support and training is available via **various channels:**

- Telephone
- Email
- Teleconference
- Face to face meeting

Experts for your ordered searches

Our **analysts** are available to perform any search when needed

- Clients can decide to perform a search themselves or leave it to our analysts on the spot
- Short delivery times possible thanks to powerful algorithms
